Job Title: Associate Psychologist, Augmenta Health Private Limited

Job Nature: Full-Time

About Augmenta Health:

Augmenta Health is a New Age Health Care Company in the private sector offering trustworthy, time-bound, and technology-enabled mental healthcare solutions. Our focus extends beyond disorders and treatment to personal growth, empowering individuals to adapt to challenges and lead simpler, more meaningful lives.

Job Overview:

We seek a compassionate and committed Junior Psychologist to join our thriving Mental Health Team. As an Associate Psychologist, you will be vital in delivering psychological services to individuals seeking support for their mental health concerns. Your responsibilities will encompass conducting assessments, developing treatment plans, conducting therapy sessions, providing crisis intervention, and contributing to our social media presence and community programs.

Responsibilities:

- Assist in conducting comprehensive psychological assessments, interviews, tests, and observations to evaluate clients' mental health conditions and develop personalized treatment plans.
- Participate in providing evidence-based therapeutic interventions to individuals, couples, families, and groups under supervision.
- Collaborate closely with a multidisciplinary clinical and administrative team to ensure integrated and holistic care for clients.
- Support clients' progress during therapy sessions, provide ongoing guidance and contribute to treatment plan adjustments.

- Contribute to psychoeducation programs and workshops to promote mental well-being in the community.
- Maintain accurate and confidential client records, adhering to legal and ethical standards.
- Provide immediate assistance and support over crisis helpline calls. Check www.helpie.co.in for more information.
- Maintain accurate and confidential documentation of crisis helpline calls.
- Collaborate with the clinical team for guidance in complex or high-risk situations.
- Engage in ongoing training and professional development for crisis intervention skills.
- Stay updated on research and advancements in psychology through professional development activities.
- Actively participate in case discussions, peer supervision, and clinical team meetings.
- Create engaging content on mental health for social media platforms and respond to inquiries.
- Stay informed about social media marketing trends to promote services and raise mental health awareness.
- Contribute to academic writing, including research papers and literature reviews.
- Adhere to professional codes of ethics, respecting diversity and maintaining boundaries.

Qualifications & Requirements:

- Master's degree in Psychology from an accredited institution.
- Willingness and ability to handle crisis calls on the Helpline.
- Basic experience in a clinical or mental health setting.
- Basic knowledge of diagnosing and treating common mental health disorders.
- Familiarity with evidence-based psychotherapeutic interventions.
- Optimum communication, digital and interpersonal skills.
- Ability to work well in a team-oriented environment.
- Ethical, professional and responsible conduct.
- Register & Complete the Online Helpie Gatekeeper Trainings @ <https://www.helpie.co.in/gatekeeper>.

As an Associate Psychologist, you will grow under the guidance of experienced professionals, gaining hands-on experience in assessments, treatment planning, and therapy. Joining our core team, you will contribute to the organization's well-being and advance your career in psychology.

Note: This is a full-time position, and we expect the Associate Psychologist to commit their full professional dedication to Augmenta Health. We request that candidates refrain from engaging in external consulting or employment commitments that may interfere with their ability to effectively fulfil this role's responsibilities.

Note on Remuneration:

Augmenta Health offers competitive remuneration packages commensurate with qualifications and experience. Additionally, we provide opportunities for professional growth, ongoing training, and a supportive work environment that values work-life balance. The remuneration package's specific details will be discussed with shortlisted candidates during the selection process.
